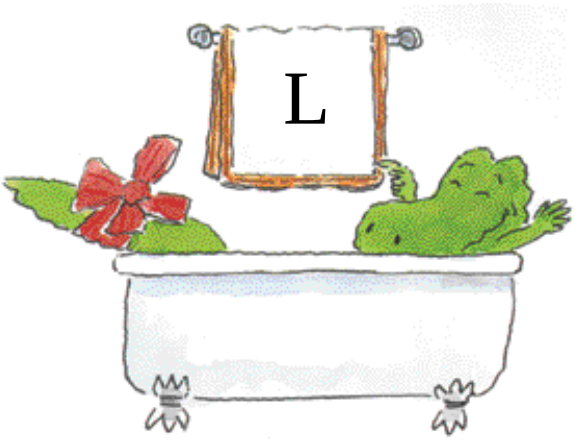
CREATE YOUR OWN STORY



The Primm Family discovered a very large crocodile in the tub of their new home on East 88th Street. Write a story about what you would do if you discovered a strange animal in your house. Perhaps it is a girrafe in your kitchen. . . Maybe a hippopotamus in your bed. . .

Remember to give your story a **BEGINNING** , a **MIDDLE** , and an **END**. And don't forget to answer the key questions: WHO is this animal that has come into your life? WHAT does it look like? HOW does it act and how do you react when you find it? WHEN is it all happening? (before school, during your rush to get off to soccer practice. . .) WHERE is all the action going to take place? What happens because of the find? What do you do with it and WHY?

Use another sheet of paper if you run out of room . . .
